

IMPACT...

Carpet & Fabric Cleaner
High Impact Cleaner
Botanical Ingredients
CRI Approved!

Impact Cleaner is a next generation botanical, high-performance cleaner concentrate specifically for fabrics, upholstery and carpet. It delivers fast and powerful results without compromising air quality or the environment, making it safe to use around children, pets and even the chemically sensitive.

The power of Impact is optimized dynamic chemistry, which features an extremely low DST (Dynamic Surface Tension). This delivers superior penetration of the soils, rapid wetting & dispersion of the particulates while reducing the need for scrubbing or agitation. Impact gives you the comfort of knowing it's working even under the toughest conditions.

Clean with an impact on dirt, not nature. Impact contains only renewable or sustainable ingredients making it readily biodegradable without any aquatic toxicity. It does not contain any known carcinogens, solvents, butyls, EDTA/NTA, optical brighteners, dyes, phosphates, alkyl/nonyl phenols or other hazardous or unnecessary ingredients. Similarly it has no harsh fragrances or V.O.C.s and will not contribute to an unhealthy indoor air quality.

CRI Approved!

IDEAL FOR: Restoration professionals to remove heavy soils from many types of fibrous materials including: smoke and water-loss damaged contents, carpets, upholstery, fabrics & other porous or fibrous surfaces. Removes tough stains such as: soot grime, food greases, body oils & other fluids, grass, blood or wine & other liquids. For heavy soils, use as a carpet prepray. Can also be used with In-Tank Extraction Units, Bonnet Cleaning and for general upholstery cleaning.

NOT YOUR AVERAGE CARPET CLEANER!

Effectively cleans without leaving a residue. Impact is not solvent or silicone based so it will not void any leading manufacturers' warranty. With a lower pH (9.7) than most carpet cleaning chemicals, Impact is suitable for use on synthetic & natural fibers and won't affect the stain-resistant chemistry or coatings. Also, the non-ionic formula will not contribute to re-soiling. Impact does not contain optical brighteners & will not change fabric color.

FEATURES

BENEFITS

VERIFICATION

Cleaning Efficacy

Evaluation of cleaning efficacy is performed by three independent, trained technicians at the Carpet and Rug Institute.

Test Method: American Association of Textile Chemists and Colorists (AATCC) Gray Scale for Staining

Does Not Promote Resoiling

Resoiling is tested by applying AATCC synthetic soil to the cleaned carpet sample.

ASTM D-6540

pH Compatibility

Excessively acid or alkaline products can negatively affect dyes and fibers.

pH Range 9.6 - 9.8

Optical Brighteners

No optical brighteners are present in the product.

Impact SDS

Indoor Air Quality

Meets the strictest criteria for vapor emissions. Less than 0.01% V.O.C.s (Volatile Organic Compounds) EI-friendly, suitable for chemically-sensitive.

California Air Resources Board & EPA V.O.C. Emission Standards for Consumer Products

Safe Ingredients

Made from 100% botanically-based ingredients derived from renewable resources. All the ingredients are readily biodegradable and safe to use around children, pets and the chemically-sensitive.

Impact SDS

HMIS Hazard Ratings	
HEALTH	1
FLAMMABILITY	0
REACTIVITY	0

Colorfastness to Light

The differential soil level between the cleaned sample and control is rated instrumentally and by a panel of independent

Test Method: AATCC Gray Scale for Color Change.

Environmentally Responsible

No dyes, fragrances, EDTA, NTA, phosphates, alkyl/nonyl phenoethoxylates, chlorine bleach, or other hazardous and unnecessary ingredients.
